Schatzii is a San Francisco based company founded in 2011, known for our industry leading mobile accessories and personal electronic products. Schatzii has been delivering innovative tech to consumers and retailers around the globe, and continues to create exciting new products that deliver unrivaled style and function. Touted by quintessential luxury goods purveyors Fancy and the Robb Report, Schatzii has been named "The brand that is building products James Bond would wear," and the company that is "Redefining Audio." We build products that deliver Intelligent Function + Smart Design, and expertly create state-of-the-art consumer electronics. Having delivered some of the best personal tech and audio products in the industry such as the BULLET Series of True Wireless Headphones, Schatzii continues to develop ideas that will help enhance your life and provide a great experience. The company owns multiple USPTO patents, and continues to innovate and deliver smart design to aficionados of mobile and consumer electronics worldwide. We believe you don't have to give up style for function, and that your gear should look as good as it works!
